CA Compliance Manager for z/OS 2.0
CA RS 1312 - PTF RO54362 Details

Release	Service	Details
2.0	RO54362	<p>RO54362 M.C.S. ENTRIES = ++PTF (RO54362)</p> <p>CMGR ROUTER - WARN DISPATCH PRIORITY, ADJUST STORAGE</p> <p>PROBLEM DESCRIPTION: CA-CMGR Router needs to run at a priority as high as or higher than the components generating event records or those consuming said records. Additionally, the Router requires sufficient storage below the line, above the line, and above the bar. The Router will adjust the the available storage below and above line to optimum values. Storage above the bar will be set to 16 gigabytes if that minimum is not met by other settings. When the router does not get sufficient resources to process event records, the records accumulate in storage and eventually cause various out of storage conditions and undesirable side effects. enhancement will warn of what appears to be a lower than adequate priority so corrective action can be taken.</p> <p>SYMPTOMS: None</p> <p>IMPACT: None</p> <p>CIRCUMVENTION: None</p> <p>PRODUCT(S) AFFECTED: CA COMPLIANCE MANAGER FOR Z/OS Release 2.0 CA ACF2 CA Top Secret</p> <p>Star Problem(s): CACMGR 272</p> <p>Copyright (C) 2013 CA. CA Compliance Manager for z/OS 2.0
CA RS 1312 - PTF RO61966 Details

Release	Service	Details
2.0	RO61966	<p>RO61966 M.C.S. ENTRIES = ++PTF (RO61966)</p> <p>REPEATING CMGR152I MESSAGE WITH RO54362</p> <p>PROBLEM DESCRIPTION:</p> <p>PTF RO54362 introduced message CMGR152I which will display the dispatching priority of the CMGR router address space (CMGRTR). If the dispatching priority is less than 254, the message is highlighted and repeated every 5 minutes to indicate that action is required to address the low priority. If the priority is 254 or above, the message is not highlighted.</p> <p>The problem is that the CMGR152I message should only display once at startup if the dispatching value is 254 or above. A single occurrence of the CMGR152I message should also occur if the dispatching priority is changed with 254 or above.</p> <p>SYMPTOMS:</p> <p>Repeating message CMGR152I when the dispatching priority is 254 or above.</p> <p>IMPACT:</p> <p>None.</p> <p>Circumvention:</p> <p>None.</p> <p>PRODUCT(S) AFFECTED: CA CMGR</p> <p>Star Problem(s):</p> <p>CACMGR 305</p> <p>Copyright (C) 2013 CA.
