Release	Service	Details
11.0	RO77549	<p>RO77549 M.C.S. ENTRIES = ++PTF (RO77549)</p> <p>JOB DOES NOT SUBMIT FAIL WITH USER= PROBLEM DESCRIPTION: CA Scheduler does not check submission authority when the SUBUID indicates one userid should be used for a job but a different userid is found in the JCL. SYMPTOMS: CA Scheduler submits a job with an unauthorized userid. IMPACT: Jobs may execute with an unauthorized userid. CIRCUMVENTION: Remove hard-coded userids from JCL. ENHANCEMENT DESCRIPTION: PRODUCT(S) AFFECTED: CA-SCHEDULER-MVS Release 11.0 Related Problem: SCHDMS 2451 Copyright (C) 2015 CA. All rights reserved. R00025-ACH110-SP1</p> <p>DESC(JOB DOES NOT SUBMIT FAIL WITH USER=). ++VER (Z038) FMID (CCHB000) PRE (RO02425 RO03255 RO07227 RO13839 RO14380 RO21880 RO24954 RO32704 RO55318) SUP (RO06501 RO09104 RO40637 RO69593 TR69593 TR77549) ++HOLD (RO77549) SYSTEM FMID(CCHB000) REASON (DOC) DATE (15100) COMMENT (+-----+ CA-SCHEDULER-MVS Release 11.0 +-----+ ***** * PUBLICATION * ***** Fix adds a new CAIJ\$SEC option and 1 new message that may be issued from the CA Scheduler CAS9 Initialization process. The new option Determines whether User ID submit authority will be checked for job card user ID. After reviewing the new message and option below, you may apply this fix by adding the BYPASS(HOLDSYS(DOC)) phrase to the APPLY command. CAS9 CAIJ\$SEC Option CUIDSUB=NO YES (Optional) Determines if submission authority is checked when a job has a hard-coded user id that is different than the user id indicated by the SUBUID order. Hard-coded user ids are specified on the USER= keyword on the JOB card. For CA ACF2 sites the user id may be specified on a //*LOGONID or //*JOBFROM statement. This option is mutually exclusive with the PROPGAT=YES option. Default: NO NO No additional security checking is performed. YES CA Scheduler confirms that the user id indicated by the SUBUID order has submission authority for the user id hard-coded in the JCL. If the SUBUID user id does not have submission authority to the JCL user id then the job is submit failed with the following status: 'Sub Fail-Userid not auth (USER=)' CAC9 Message CAC9098 CUIDSUB=YES AND PROPGAT=YES ARE MUTUALLY EXCLUSIVE Reason: The CUIDSUB=YES and PROPGAT=YES options may not be</p>
